This variety has again proven to be one of the best we grew. Very early, light rose pink, with that sparkling sheen that really makes it stand out. Wonderful propagator and grower. You can't go wrong on this one.

When you can stand still between two rows and cut a dozen fine spikes all in the same state of condition, its pretty nice cutting, but you can do it continually with TOKEN. As a cut flower it will get my vote for a long time.
